To whom it may concern,

Reference: Pomegranite Online Presence Consultancy

The Pomegranite team designed our website and provide the monthly management thereof, this includes updates to content and reporting. In addition, they help us with social media campaigns from time to time.

We absolutely love working with the team. Nothing is ever too much to ask, they are quick, helpful, professional, and just an all-round joy to work with.

We couldn't ask for better. We would highly recommend Pomegranite.

Kind regards,

Alex Bouche
